EDUCATION

The LNM Institute of Information Technology Aaradhan public school Carmel convent Sr. Sec. School B.Tech in Computer Science | GPA: 7.63/10 class XII | Percentage: 93/100 class X | Percentage: 93/100 November 2021 - Present

INTERNSHIPS

Agent Oriented Development | LNMIIT

June 2023 – July 2023

- Developed Algorithms for multiagent systems.
- Documented more than 22 research papers on heuristic, reinforcement learning based drone navigation algorithms

TECHNICAL SKILLS

Languages: Python, C/C++, SQL, HTML, CSS, Java

Frameworks: PyTorch, TensorFlow, Keras, HuggingFace, Transformers, NLTK, Spacy, Power BI

DevOps and API Tools: Git, Docker, Postman

Others: Data Structures, SOLID Principles, Design Patterns, Multiagent systems, machine learning, deep learning, reinforcement learning, Data Science

PROJECTS

Multi class Classification Using Image transformers | Transformers, PyTorch, Transformers

March 2024

- An image classification model built with a transformer encoder only architecture.
- Developed a PyTorch model, achieving 75% accuracy; improved to 95% with transfer learning and fine-tuning a pretrained vision transformer.

Loksabha 2024 data analysis: Instagram | Python, Data Gathering, Data Visualizing, data Inferencing

April 2024

- Research on Instagram data of Loksabha 2024
- Data is fetched from meta's crowdtangle API and is analysed using Unsupervised learning algorithms like HDBSCAN, topic modelling using LDA and BertTopic

Anime Face Generator | *GAN*, *Deep Learning*, *Data Science*

Jan 2024

- using Generative Adversarial Networks (GAN) to create a generative model
- The Model takes input a value and corresponding to that generate a face image of an anime Character

ASL Convertor | Python, Data Analysis, Machine Learning

June 2023

- American sign language(ASL) recognition system
- Explored multiple algorithms to classify and compare the American Sign Language dataset from Kaggle, achieving accuracies from 74% to 95%.

POSITION OF RESPONSIBILITY

Head | SocioTech Podcast

Jan 2024

- Head of the Sociotech podcast team under CMLBDA, LNMIIT

Volunteer Engagement Executive | BloodConnect Jaipur

Feb 2023

- Managed a team of more than 30 people in organizing blood camps, awareness sessions, skits, etc.

CERTIFICATIONS

Volunteer Engagement Executive | BloodConnect Jaipur

Jan 2024

- LOR/Certificate for performing social work in making India blood sufficient.

IBM Data Analysis | IBM, Coursera

Aug 2023

- For compeleting IBM data Analyst Course

Automatic Birthday Generation App | LNMIIT, Jaipur

Aug 2023

Received for my contributions in the Avaataran App that is deployed on LNMIIT server.

HOBBIES

Podcasting, Learning different spoken languages, Cooking
